

Ø22mm Super Mini Dome lamp

- Smooth shade, prevent the deposition of dirt and dust on the surface
- Steady, LED high brightness source
- Seismic design, the equipment with large impact force.
- Easy installation, lock with nut
- IP65

CE

Specifications

Code	R30-D
Mounting Size	Ø22mm
Working Voltage	24VACDC
Outline Size	30mm (Mimi Dome)
Function	Steady
Material	Lens-PC, Based-PA, Nut-PA
Operating environment	Working Temperature: -20°C ~ +55°C (No Freezing) Humidity: 40 ~ 85%RH (No Condensation) Store Temperature: -30°C ~ +80°C (No Freezing)
Vibration resistance	10 ~ 55Hz, Amplitude 0.75mm
Color	Red, Green, Yellow, Blue, White
Connector type	M12 quick connector wire, 0.3~0.5mm ²
Useful life (reference)	30000 hrs (when 25 °C, brightness is 50% below initial value)
Protection class	IP65
